

# The Kris Kelly Foundation

*"bringing animals and people together"*

January 29, 2009

Kris Kelly  
Founder

To Whom It May Concern,

Linzi Glass  
President

I am writing you to inform you of a terrific animal rescue advocate, Lejla Hadzimuratovic of Bunny World Foundation. She is dedicated to the plight of illegally bred bunnies for sale in Los Angeles, CA. By establishing Bunny World Foundation, she is able to rescue these bunnies from downtown LA and give them much needed medical attention. She loves these bunnies so much and because of that love many bunnies have a chance at life.

Starr Barragan  
Vice President

I have never seen a person and organization so dedicated to the animal rescue cause. Through Bunny World Foundation, she throws her whole being into the rescue of the bunnies. She gives them proper medical, food and living conditions. After that the bunnies are adopted through a strict adoption process when they are old enough and strong enough.

Luke Anderson  
Vice President of  
Operations

Lejla and Bunny World Foundation educate people about bunnies' needs and how they are as important as any other animal out there. Shelters do not always spay and neuter and through Bunny World Foundation, Lejla is informing people of the importance of a mandatory spay/neuter policy at all of our shelters.

I have worked with Lejla and she is an Honorary Board Member for my non-profit organization, The Kris Kelly Foundation. How do I sum this letter up because I can go on and on about what a beautiful person Lejla Hadzimuratovic is and what a great job she doing with Bunny World Foundation....by having Lejla in this world bunnies have a better chance to live hence the Bunny World Foundation.

Sincerely,

Kris Kelly

Founder of the Kris Kelly Foundation
